

Alape[®]

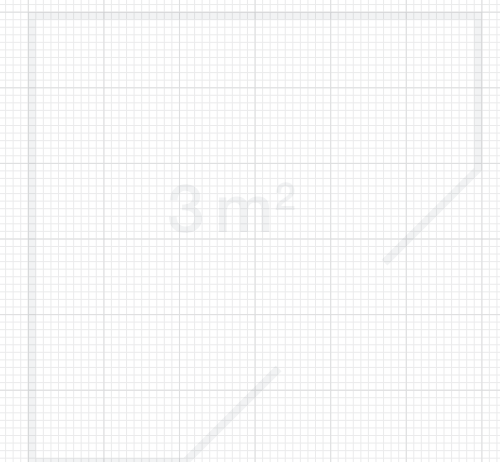

Small bathroom
solutions

Puristic design combined with highest functionality in minimum space – small washplaces from Alape offer multifaceted solutions for compact floor plans. Made from single-part, white-glazed steel components, they combine aesthetics and purity in a unique experience and captivate our senses.

3m bath

The central insert shows you selected Alape small bathroom solutions on the original floor plan. Cut out your own personal washplace using the template and then try out the shape, size and position in your bathroom. If the insert is missing, you can order it from info@alape.com.

No bathroom would be complete without a matching mirror and adequate lighting. Alape also offers high-quality products for these areas that integrate seamlessly into the design of the washplace. The interplay of washplace, mirror and light thus develops into a harmonious unit in shape and function.
